

*'Where charity and love are, God is there'*

The PE and sport premium is designed to help primary schools improve the quality of the PE and sport activities provided for the children of the school. The aim of this additional funding is to provide sustainable improved quality provision for all children, including children with SEN.

**Foundations:**

At St Nicholas of Tolentine Catholic Primary we strive to use the funding to its full potential, giving all children the access to high quality PE and sports provision.

Each child deserves the opportunity to achieve and reach their full potential regardless of their needs. We can support individuals by providing a range of experiences, which we believe must be sustainable. We make every effort to give different opportunities to extend children's life experiences.

**Beliefs and Expectations:**

- Combining PE provision with knowledge of healthy lifestyles and eating attitudes.
- Developing and nurturing the 'whole' child regardless of social, physical and cultural differences.
- Use sport to continue developing the fairness, sportsmanship and leadership approach that occurs within school environments.
- Encouraging competition within the school through intra-school games and developing links with local schools to develop inter-school games.
