

### Geography

This Wonderful Weather unit will teach the children about the different types of weather in their immediate environment. The children will then have the opportunity to build on this and knowledge of the four seasons. The pack will introduce them to hot and cold areas of the world and the impact of different weather types. Children will have opportunities to observe and record the weather, present their weather forecasts

### RE

#### Christmas and Revelation

We will be looking at the journey of the three wise men in our unit of Christmas.

### Maths

Addition and Subtraction (continued)

We will be looking at addition and subtraction this term. We will be using part-whole models, number lines and tens frames to help us in our learning.

### English

We will be reading two books all to do with animals and their homes.

Along the way, we will be writing our animal fact files, character descriptions and diary entries.

#### SPAG

- Using 'and' to join words and clauses.
- Using exclamation marks to demarcate sentences.

### Science

#### Animals including humans:

In this unit about Animals Including Humans, children will learn about five of the groups that scientists use to classify animals: mammals, fish, birds, reptiles and amphibians. They will learn to identify the group an animal belongs to by its features and will classify animals according to their group. They will also learn about the different diets animals eat. Children will learn about the parts of the human body and have the opportunity to explore the five senses through a simple investigation

### Computing

Children will be taught how to use the computer's key programs. They will start to practice drawing animals on Paint and change colour themes.

Children will also have the chance to use Google Search to find facts about different animals linked to their term topic.

### History

We will be finding out key facts about Sir David Attenborough.

### PE

#### Year 1/2 will have PE twice a week.

They will be learning how to travel, jump, balance and roll in our animal gymnastics unit.

The children will also be able to learn some important fundamental skills in our second lesson of the week.

### Art/ D & T

Students will be looking at various artists who paint abstract animal paintings. The artist Steven Bowen will be replicated.

### Music

We will be working with the fantastic Preludes Music team this term. We will be learning about famous pieces of music from around the world and then creating pieces influenced by them
